FOR GOODNESS' SAKE: WHAT WE REALLY MEAN WHEN WE TALK ABOUT GOD

The word God and the idea of God can be very challenging for some, often the concept divides peoples. In reality we know so little about God, if anything at all. So, what potential can this idea have to teach us about "goodness" regardless of whether or not you believe in or what you believe about the concept of God.

Rabbi Daniel Levitt:

Before joining the Gratz team as the Director of Adult Jewish Learning, Daniel served as the Executive Director of the Hillel at Temple University: the Edward H. Rosen Center for Jewish Life. Since receiving ordination, Daniel has served as assistant Rabbi of Congregation Sherith Israel in Nashville, Tennessee, summer Rabbi at Congregation Agudath Achim in Bradley Beach, New Jersey, and Hillel Director and OU Seif JLIC educator at the University of Guelph in Ontario.
